

KOSHER MEDITERRANEAN SEA SALT

A product from the sun, wind & water...

Our dazzling snow white sea salt originates in the Mediterranean Sea, where crystal clear waters ebb and flow through an environ-

mentally preserved coastal region. Here, the sultry sunshine and gentle winds evaporate the sea water, leaving behind premium Natural Tides Sea Salt. Traditionally harvested for centuries, the salt is unrefined, unbleached and contains naturally occurring essential trace minerals—calcium, magnesium & copper.

Truly a treasure of the sea, these coarse crystals enhance any dish with their subtle flavor and textural crunch. Whether used as an in-

gredient or as a delightful garnish, Natural Tides Sea Salt adds clean, refined flavor to salads, meats, fish & vegetables.
